MEDICATIONS TO BE DISCONTINUED 2 WEEKS PRIOR TO SURGERY

If a medical doctor has prescribed a drug for you that is on this list, please notify that doctor before stopping your medication.

Please inform Dr. Florence Mussat or her staff of **any** and **all** medications that you are taking. This includes all vitamins supplements and homeopathic medication.

Following surgery these medications should not be resumed without notifying Dr. Florence Mussat or her staff first.

If you have any questions regarding medications, including over-the-counter products interfering with surgery, please consult our office, your medical doctor or pharmacist.
